MSBA Newsletter – 1/19/2022

Hello MSBA! I hope you are all settling in comfortably as the quarter gets started. Here's what you need to know this week:

Student Spotlight

First of all, I want to give a big shout-out to Daniel Shin, Seung-min Yang, Lauren Lee, and Sun-Young Joo for the amazing work they did on a data science project with QANDA over the winter break. Here's some of what they had to say about their experience:

"I keep in mind how to present to the people clearly in an impactful fashion. I learned that using the proper visualization, which I will learn more in school next semester, will help me deliver my analysis clearly and impactfully." - Seung-min Yang

"It was very good to be able to apply what I had learned during the last semester in practical context, and I think it was a more meaningful time because the insights discovered through data mining were about the social impact of the business" -Daniel Shin

"From class, I have never dealt with data like more than a million data rows so it was my first time to deal with real big data. I am sure that this was a really great experience to see how the data looks like in reality." -Sun-Young Joo

"It was a meaningful experience to handle real business data to effectively leverage companies' data assets by applying the concept of data mining and the programming knowledge that I studied in the MSBA program. Most of all, I was able to have a deep understanding of the concept of database design that I learned in the CIS 505 class and refine my knowledge of hierarchical table relationships while developing dashboard." -Lauren Lee

I doubt this is the last we'll hear about this accomplishment, stay tuned for more. 🥳 Great job team!

Virtual Business Career Fair

If you haven't seen Taylor Gregg's email, our Career Center is holding a Virtual Business Career Fair on **Friday, February 11th** from **11:00 AM-3:00 PM**. This is a great opportunity that you won't want to miss! You can register [here](#), and review the attached PDF for more details on how to prepare and what to expect.

Professional Development Opportunity—CIS Career Conference

CIS and CPDS are teaming up to offer a series of professional development workshops for International Students on **Friday, February 4th at 1:00 PM**. You can find the flyer attached. If you have any burning questions about your career search, you may find your answers here!

Loaner Laptops

ASU's [Laptop Loan Program](#) is back up and running! You can now borrow a laptop running Windows 10 if you need one for your coursework. The laptops are loaned on a first-come-first-serve basis, and cannot be reserved. Check out their [page](#) for more details.

Apply for Graduation

Your application to graduate is due on February 15th. You can apply for graduation by going to "Graduation" in the "My Programs" box in your My ASU. Graduation ceremonies will be held the week of May 9th, with more details to follow.

You cannot apply for graduation if you have not submitted your iPOS, so please do so if you have not already! Failing to apply for graduation by the deadline can result in additional fees, and we don't want that. Please let me know if you need assistance completing your iPOS, I am happy to help.

OPT Information Sessions

For those of you interested in applying for OPT opportunities, the schedule of events is below. ISSC also has a [self-guided Canvas course](#) that goes over what you need to know about Post-OPT, so check it out if you haven't already!
